

Scale AI's goal is to provide financial support for training in the field of artificial and digital intelligence for 20,000 workers in Québec by 2023

For people working in the digital intelligence

50% of the cost of digital intelligence training will be financed

Scale AI will finance 50% of the registration costs of candidates who qualify for accredited online or in-class digital intelligence training programs.

This program is specific to Québec and is based on financing from the ministère du Travail, de l'Emploi et de la Solidarité sociale du Québec.

Am I admissible?

To be eligible for this program, you must:

- Work for a business registered in Québec (NEQ)
- Be employed in Québec
- Receive training in digital intelligence from a **Scale AI** accredited institution offered by a not-for-profit organization, a CEGEP or university.

You must NOT be employed by:

- A Québec government ministry or organization whose personnel are nominated and paid under Quebec's Public Service Act
- A political party or organization
- A ministry or organization of the federal government
- A company where work activities are currently suspended due to a work conflict (strike or lockout)

- A company which has not finished reimbursing a prior debt with Emploi-Québec or the Ministère de l'Emploi, de la Solidarité sociale et de la Famille (unless they are respecting a written reimbursement agreement with the Ministry or Emploi-Québec)

How to have your training covered by the plan

Select the program that suits you best from **Scale AI's** accredited training list. When registering, the organization will validate your qualification and apply directly for a reduction to your registration fees.

Accredited training list

The program was launched in fall 2019. The accredited training list will be updated regularly.
